New Delhi, the 5th October 1959

S.O. 2570.—In pursuance of the provisions of Rule 19(4) of the Indian Lac Cess Rules, 1930, framed under Section 8 of the Indian Lac Cess Act, 1930 (Act No. 24 of 1930), the Central Government hereby publish the audited accounts of "Receipts and payments" of the Indian Lac Cess Committee for the year ending 31st March, 1957 along with the auditor's report.

AUDIT REPORT

PART I

This Report includes only the Major and important irregularities and not the minor ones which has been included as a separate 'Note' not published.

1. Financial Accounts—Comments thereon

The following financial accounts relating to the year 1956-57 are enclosed as appendices to this report.

- | | |
|--|---------|
| (a) Receipts and Payment Account of the Committee | Appx. B |
| (b) Details of investment of the Committee | Appx. C |
| (c) Details of suspense Account remaining outstanding on 31-3-57 | Appx. D |
| (d) Receipts and payment Account of Provident Fund | Appx. E |
| (e) Statement of Assets & Liabilities of Provident Fund | Appx. F |
| (f) Details of investment of Provident Fund | Appx. G |

The correctness of the above accounts are subject to the remarks in paras 1 to 4 of this report.

(i) *Receipt and payment Account of Committee (Receipt side).*—Under rule 5 of the I.L.C.C. Rules the account of receipts should include a statement of all sums received by the Committee during the financial year shown under head "Moneys received under section 6 of the Act" but from the receipt payment account prepared it appears that the above item has been shown under heading "Money received from the Government of India under Agriculture head 40 on account of Lac Cess Collection." Possibly this change was due to the revised accounting procedure communicated in Government of India letter No. F.3-57/52-Com.I, dated 24th February, 1956, which came into force from 1st April, 1956, under the revised procedure grants were received from the Central Government from time to time. At present there is no record in I.L.C.C.'s office to show that the grants so far received from the Government of India included all receipts during the year under section 6 of the Act which is required to be exhibited under rule 5 of I.L.C.C. rules. It was therefore not possible for audit to check whether the amount shown under this item included all receipts under section 6 of the Act. It may therefore please be ascertained from the Government of India, whether the amount of grant included all receipts of the fund under section of the Act. It may also be considered if rule 5 of the I.L.C.C. rules requires any revisions in view of the changed procedure that came into force from 1st April, 1956.

(ii) *Payment side—Closing cash balance of subsidiary account.*—The closing Cash balance in the subsidiary account was shown as Rs. 61337-4-8 whereas the correct cash Balance should have been Rs. 60939-11-5. The difference of Rs. 397-9-3 is accounted for as under:—

	Rs.	A.	P.
(1) Error in posting S/A vr. No. 328 dated 3/57	138	7	0
(2) Error in posting S/A vr. No. 329 dated 3/57	259	2	0
(3) Error in totalling at page 94 of Vol. 8	0	0	3
TOTAL	397	9	3

The Cash Balance as shown in the account was therefore excess by Rs. 397-9-3.

2. Cash Balance short at the time of change of charge

There was a change of officer in charge on 27th March, 1957 and consequently all the cash books were closed on that date and charge Report prepared. The cash balance in the Cash Book subsidiary Account on the date of change of charge (27th March, 1957) was 2943-1-11. But it appeared from the charge report dated 27th March, 1957, which was signed by both the officers that a sum of Rs. 2926-10-8 was only handed over by the relieved officer to the relieving officer. In reply to the audit query regarding reasons for the shortage in Cash Balance on that date it was stated "on 27th March, 1957, the head assistant along with the Cashier prepared the handing and taking over report. As the cash was found in excess by Rs. 16-7-3 on actual count the cashier was asked to re-examine the postings in cash book. On checking it was found that there was certain erroneous entries in the cash Book. The postings were corrected. The balance then agreed with the actual cash. The cash Book was signed by the officers tallying the balance of cash Book with actual cash. The head assistant and cashier were instructed to correct the charge report on the basis of corrections made in the cash Book but the charge report was not corrected due to an oversight".

The cash book however did not indicate that corrections of posting was made and as such the reply furnished did not appear to be convincing case may be taken to ensure that such discrepancy does not occur in future.

3. Erroneous entry in the Cash Book—incorrect cash Balance continued from March 1957 till it was pointed out by audit

(a) The following payment vouchers were erroneously entered both on the payment and receipt sides of the cash book of subsidiary account on 30th March, 1957, although entry should have been made on the payment side only.

	Rs.	A.	P.
(1) 3/A voucher No. 328 of 3/57	138	7	0
(2) S/A voucher No. 329 of 3/57	259	2	0
TOTAL	397	9	0

The result was that the Cash Balance on that date was inflated by Rs. 397-9 due to the erroneous entries. Normally such erroneous entries should have been detected at the end of the month when the cash book is closed and cash balance in chest is verified. But inflated balance due to erroneous entry remained undetected right from March, 1957 to November, 1957, till it was pointed out by audit. This error was not even detected on 21st October, 1957, when there was another change of officer in charge and the cash Book was signed by both the relieved and relieving officer on that date. In the charge report dated 21st October, 1957, there was also no mention as to the cash balance of subsidiary account that was actually handed over to the relieving officer which is required to be done under rule 115 of the G.F.R. Vol. I. The requirement of this rule was however not observed at the time of change of charge. The reason for not observing the rules in this respect may be stated.

If there was any difference in the cash balance due to error in posting it should have been at least at the time of change of charge if not during earlier monthly closings.

In reply to the audit query it was stated that through some misapprehension however this was taken as receipt in the money column thus amount being classified as Indian Lac Research Institute suspense and Lac Extension Officer suspense, as if the amounts were kept by the Director and Lac extension officer in deposit.

The two officers mentioned above hold permanent imprests of Rs. 500 and Rs. 200 respectively and their imprests were recouped on submission of their bills (S/A voucher No. 328 and 329 of March, 1957). There was therefore no question of keeping the amounts in deposit by the above two officers. There might be misapprehension to the cashier at the time of entering them in the cash book but the question is how such misapprehension persisted at the time of cash verification which is expected to be done at the end of every month or at least at the time of change of charge.

In reply to this point it was stated that cash Balance was actually verified on 21st October, 1957 as follows.

	Rs. nP.
Cash in Chest	3181.90
Cash in Imprest	700.00
Cash in suspense	397.56
TOTAL	4279.46

It would not be understood how "cash in suspense" could be allowed to form a part of cash balance without arousing the inquisitiveness of the officer in charge for months together unless of course the cash Book was signed wherever it was done as a routine matter.

(b) Further it appeared that the amount of S/A voucher No. 132 dated 23rd October, 1956 was Rs. 36-5-3. This amount of the voucher was correctly entered in the cash book but three pies was not taken into account at the time of totalling. The Total at page 94 of Vol. 8 (Subsidiary Account) should have been Rs. 33505-6-3 and not Rs. 33505-6-0 only. Thus all the totals of the cash Book from page 94 onwards were incorrect to the extent of 3 pies and consequently the cash Balance as per cash Book was three pies more than the actual cash balance right from the date.

From what has been stated above it will appear that cash was never counted actually and charge reports on 27th March, 1957 and 21st October, 1957, were also prepared without observing the provisions of rule 115 of the G.F.R. Vol. I. If the cash were actually counted on 21st October, 1957, as required under the above rule the difference of Rs. 397-9-3 (397-9 plus 3 pies) which continued even on that date must have been detected at once. How the charge report dated 21st October, 1957 was signed by both the officers without mentioning therein the amount handed over and how the difference in cash Balance remained undetected even at the time of change of charge on 21st October, 1957 may be clarified to audit.

4. Bills paid without the pay orders of the Secretary in large number of cases

Payments have been made in the following cases without obtaining the pay orders of the Secretary who is the competent authority for giving pay orders.

Sl. No.	S/A voucher No. and date	Amount
		Rs.
(1)	23 of June 56	1 13 0
(2)	135 of June 56	25 0 0
(3)	120 of Nov., 56	12,000 0 0
(4)	211 of Nov., 56	43 8 0
(5)	211 of Dec., 56	186 4 0
(6)	294 of Dec., 56	200 0 0
(7)	39 of Jan., 57	2 0 0
(8)	51 of March, 57	3 8 0
(9)	80 of March 57	45 0 0
(10)	407 of March, 57	20 10 0
(11)	463 of March, 57	15 10 0
(12)	486 of March, 57	9 7 0
(13)	514 of March, 57	310 0 0
TOTAL		12,862 12 0

It will appear from the above details that a total sum of Rs. 12,862-12-0 was paid without the pay orders of the Secretary which is an essential prerequisite for any payment. Under rule 141 and 208 of the C.T.R. Vol. I, no bill can be paid without first obtaining pay orders of the disbursing officer. In reply to audit query it was stated that the omissions were due to oversight. But from the number of such cases it cannot be said that they were solitary cases of omissions

or oversight. It may be mentioned in this connection that in the case of item No. (10) the pay order which was recorded by the disbursing officer was subsequently cancelled by him for some reason or other. But that did not affect the payment of the bill in any way. Payment was made even on the face of the cancellation of pay orders. Then again in the case of item No. (3) above the bill was for Rs. 20875 out of which part payment of Rs. 12,000 was made. These cases only go to show that no importance is attached to obtain pay orders before payment is made which is required under rule 141 and 208 of the CTR Vol. I.

5. Investment

(a) A total sum of Rs. 21,53,888-14-7 was invested by the Committee out of the fund of the Committee in previous years and the position remained the same as on 31st March, 1957. The details of these investments have been given in Appendix C to the report. It will appear therefrom that the market value of the investment as on 31st March, 1957, fell short of their cost price by Rs. 1,15,104-2-7 (Rs. 21,53,888-14-7 minus Rs. 20,38,784-12-0).

(b) A total sum of Rs. 2,22,400 was also invested in National Savings Certificates out of the balances of the staff Provident Fund. The details of the investments have been given in Appendix G to this report.

6. Expenditure incurred by the High Commissioner

As already pointed out in para 5 of the Inspection Report No. 158 of 1956-57 certain expenditure were incurred by the High Commissioner for India, London on measures adopted for development and improvement of marketing of Indian Lac out of the amount remitted to him from year to year. This expenditure is subject to adjustment on receipt of certified and audited accounts. The High Commissioner had an outstanding balance of Rs. 8300-6 on 31st March, 1956, on the above account and it remained the same on 31st March, 1957. It was reported that the matter had since been taken up with the Government of India as no settlement could be arrived at with the High Commissioner in spite of repeated reminders. The adjustment may be expedited and result intimated to audit.

7. Suspense Account as on 31st March, 1957

The closing balance of suspense Account on 31st March, 1957, has been shown as Rs. 9067-4 *vide* Appendix D to this report. But the correct Balance should have been Rs. 9464-13-0. The correct figure of Rs. 9464-13 has been arrived at as follows:—

<i>Charges placed under suspense :</i>	Rs.	Ra.
Motor Car Advance	1,224 0 0	
Cycle Advance	765 0 0	
Festival Advance	510 0 0	
Advance to stationery office	3,712 0 0	
Advance to suppliers	3,624 11 0	
Advances to special officer lac cultivation	752 7 0	10,588 2 0
Deduct :		
<i>Receipts placed under suspense :</i>		
Earnest Money Deposit etc.	1,123 5 0	1,123 5 0
Net amount under suspense		3,464 13 0

The difference of Rs. 397-9 (Rs. 9464-13 minus Rs. 9067-4) is due to the fact that S/A voucher No. 328 dated 30th March, 1957 for Rs. 138-7 and S/A voucher No. 329 dated 30th March, 1957 for Rs. 259-2 were erroneously entered on the receipt side of the cash Book. This amount was erroneously classified as "receipt placed under suspense". Hence the difference.

8. Theft of Rs. 755-7 in outstation of Special Officer Lac Cultivation, Namkum

Moneys are given by the Special Officer Lac Cultivation to the Inspector at outstation to meet the expenditure in connection with seasonal operation in brood farms. The seasonal operation includes employment of coolies for chopping, pruning, defoliation etc. and despatch of cropped brood. A sum of Rs. 1,000 was

handed over to Sri S. B. Biswas on 2nd October, 1956 for the seasonal operation and meeting the expense of railway of freight etc. It was reported that there was a theft in the room in which Sri Biswas was staying in the outstation on the night of 8th-9th October, 1956. In that theft a sum of Rs. 755-7 which was the unspent balance with the Inspector on that date was also stolen. From the Police report it was seen that the room in which the theft occurred was far away from locality and theft at night at such an isolated place was only but natural. The police however could not trace the miscreants. As a result of departmental enquiry it was found that the loss to committee's money to the extent of Rs. 755-7 was due to the negligence of the Inspector and as such the amount was ordered to be recovered from the inspector concerned. The recovery of the amount from Sri S. B. Biswas has already commenced at the rate of Rs. 47-8 per month. From the account submitted by Sri S. B. Biswas regarding the expenditure incurred during 3rd October, 1956 to 8th October, 1956 by him from the amount advance it was seen that a sum of Rs. 244-9 was spent in six days. That shows that the average daily expenditure incurred by him was about Rs. 40 a day.

It would appear from the above account that Sri Biswas had no immediate necessity to have such a heavy sum of Rs. 1,000 at a time. The fact that the inspectors have to remain at night in the jungles (where brood farms are situated) with such heavy sums of money was expected to be known to the special officer Lac Cultivation. It is a question therefore how far the advancing of such heavy amounts to the inspector was prudent particularly when he had no immediate necessity and the operational area was far away from locality.

Under rule 295 of C.T.R. money should be withdrawn for immediate disbursement which should not be more than the occasion demands. In the above case the claims for the loss of Committee's money could have been minimised if smaller sums of money were advanced to the inspector and he was required to recoup at the end of each week. Necessary steps may be taken to guard against the occurrences of such cases in future. It was observed that inspectors who are all temporary have to handle heavy cash at outstations. But no security Deposit was so far realised from them. As the inspectors have to handle cash the question of obtaining security deposits from them may be considered.

9. Theft of even drying electrical heater-value Rs. 525

From the Stock Book of chemical section of the Director, Indian Lac Research Institute it appeared that one drying electrical heater valued at Rs. 525 was found short by the officer verifying the stock. On enquiry it was understood that the following articles were stolen in a theft case which occurred in the Institute some times back:—

Page No. of Stock Register	Article stolen	Value
		Rs.
214 A	Copper Coil tabular 50 ft.	Not known
289 A	Distilled water plant Electric heated 1/4 gallon	Not known
253 B	Oven drying electric heater	525 (Approx.)
325 B	Rain gauge one	7 (Approx.)

The previous audit report also would show that a river side water pump had been stolen a second time. It thus appeared that theft had been a common feature. From the records it appeared that watch man was appointed to guard the properties of the Institute after the theft case of the river side pumping set. It was rather unusual that theft occurred even after the appointment of the night guard. The circumstances under which theft in the laboratory situated within guarded compound of the institute took place seem to require investigation the result of which may be communicated to audit. The value of the stolen articles may now be determined and action may be taken to write them off under orders of the competent authority in case responsibility for the theft can not be fixed.

10. Staff Provident Fund Interest for two years not credited to subscribers Final payments of Provident Fund Balance made without interest for two years.

It appeared from the individual ledger accounts of subscribers that final payments in respect of Provident Fund accumulation were made to the subscribers

concerned during 56-57 without adjusting the interest on the accumulation for two years i.e. for 54-55 and 55-56. The vouchers in which such payments were made are noted below:—

Voucher No. and date	Amount		
	Rs.	A.	P.
(1) 17 dated 3-8-57	37,612	9	3
(2) 21 dated 11-9-57	1,720	4	0
(3) 8 dated 19-6-56	990	11	0
(4) 53 dated 27-3-57	35,530	15	0

Under rule 10 of the Provident Fund Rules of the Indian Lac Cess Committee, the net income available for distribution is to be credited to individual subscribers' accounts by 31st March every year. But on examination of the subscribers' account it was observed that the interests for the years 54-55 and 55-56 have not been credited to any of the subscribers' accounts. The result has been that interest for two years remained unpaid even when the subscribers left the service and final payments were made to them. For the same reason the balance in the subscribers account at the end of two years 54-55 and 55-56 could not be communicated to the individual subscribers which is required to be done under the rules. In reply to audit query regarding delay in crediting interest it was stated that the income of provident fund can be distributed only when approved by the Committee. And because the rate of interest for 54-55 was approved by the Committee in January 57 it could not be credited to them earlier. It was also stated in reply that rule 10 of the Provident Fund Rule of I.L.C.C. did not require that the interest should be credited to subscribers' amount. The views expressed by the Secretary are acceptable in as much as rule 10 of the Provident Fund Rules of I.L.C.C. requires that interest should be credited to individual accounts by 31st March every year and this should not have been deviated from. The subscribers accumulate their earnings with the expectation that they will be paid their dues in full when they leave the service and this has also been the requirement of the rule. The requirement of the rules in this respect has however not been followed on the ground that committee decided the rate of interest to be given at a later date. Approval of the Committee should have been obtained regularly so that the timely credit of the interest would have been afforded in the individual account. It was understood that the meeting of the Committee was generally held in the month of January every year. In that case the interest to be declared may be decided by the Committee during that meeting so that there may not be any difficulty in adjusting the interest by 31st March next. Effective steps are therefore considered necessary to ensure that interest is declared by the Committee at its meeting held before March every year.

11. Detailed account of amount advanced to Public Works and Forest Divisions wanting

From the expenditure ledger it was observed that amounts mentioned below were deposited in favour of Public Works and Forest Divisions for some specific works. But no detailed account or completion certificate of completed works was furnished to the office of the Indian Lac Cess Committee. Early steps may be taken to obtain detailed account and completion certificate. It was further observed that the amounts were booked under final head instead of under suspense which should have been the proper classification. It is suggested that such expenditure should be booked under suspense in order to keep an effective watch of adjustment in future.

S.O. 2585.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following Award of the Industrial Tribunal, Delhi in the industrial dispute between Shahdara Saharanpur Railway and their workmen.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, DELHI

PRESENT

Shri E. Krishna Murti. Central Government Industrial Tribunal.

17th October, 1959

I.D. No. 442 of 1959

BETWEEN

The employer in relation to the Shahdara Saharanpur Railway

AND

Their workmen

Shri L. N. Chaudhri—for the management.

Shri Y. D. Sharma—for the workmen.

AWARD

By G.O. No. S.O. LRIV.3(18)/59, dated the 30th June, 1959, the industrial dispute between the employer in relation to the Shahdara Saharanpur Railway and their workmen, has been referred to this Tribunal for adjudication under Section 10(1)(d) of the industrial Disputes Act, 1947.

2. The term of reference is as follows:—

Whether the workmen of Shahdara Saharanpur Railway, Saharanpur, are entitled to interim relief of Rs. 5 per month with effect from 1st July 1957 as sanctioned for the employees of Railways administered by the Government?

3. It is alleged in the statement of claim filed by the Union, that the workmen of S.S. Light Railway have been getting from a long period of time the same rate of dearness allowance as the workers of the Northern Railway, that there was an award, according to which the dearness allowance and other concessions were modified from time to time, that the principle of paying dearness allowance at a rate equal to that on the State owned railway in the region has always been accepted by the Company, that on the Northern Railway the dearness allowance has been enhanced by Rs. 5 per mensem as an interim measure, that the workmen

called upon the Company to pay the same extra amount to them that the Company has not been accepting the demand, and that the management should be directed to pay the increase of Rs. 5 in the dearness allowance by way of interim relief.

4. The reply of the management is, that there were agreements between the Company and the workmen from time to time about the payment of dearness allowance, that the management are under no obligation to pay the interim relief of Rs. 5 as demanded by them that this Railway cannot be compared with the State owned Northern Railway, that the conditions of service of this Railway cannot be the same as those of the State owned Railway, and that the demand of the workmen is unsustainable.

5. Both parties are agreed, that the issue is as in the term of reference.

6. At the time this matter came on for hearing before me, both parties reported a settlement according to the terms of the compromise as contained in the deed of compromise, Ext. M/1, of which a copy has been annexed to this award as Annexure "A".

7. In the result, an award is passed in terms of the compromise a copy of which is annexed to this award as Annexure "A", which shall form part of this award.

IN THE MATTER OF I.D. NO. 442 OF 1959

AND

In the matter of an Industrial Dispute

BETWEEN

The Management of Shahdara-Saharanpur Light Railway Co. Ltd.

AND

Its Workmen.

The humble petition of Shahdara-Saharanpur Light Railway Co. Ltd., and their workmen represented by S. S. Railway Workers Union.

MOST RESPECTFULLY SHOWETH:

1. The dispute over the dearness allowance of Rs. 5 on account of interim relief referred to this Tribunal for adjudication by the above Order of Reference has been mutually settled by the parties and the following terms of settlement have been reached:—

Terms of Settlement

The financial position of the Railway was discussed at length, and upon such discussion it was agreed that with effect from 1st April 1959:—

- (a) The present scale of D.A. of all staff of the Railway in all stations including Shahdara and Saharanpur shall be increased by Rs. 3 (Rupees three only) and the position will be reviewed at the end of one year i.e., in September 1960 or earlier if the financial position permits.
- (b) This agreement is without prejudice to the contention of the parties regarding admissibility of Indian Railways Scale of D.A. on S.S. Railway.

2. No dispute now exists between the parties in the matter and the Company and the Union jointly pray that this Tribunal will therefore be pleased to record the terms of settlement and pass a no-dispute award.

Dated this 13th day of October, 1959.

ORDERS

New Delhi, the 11th November 1959

S.O. 2586.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the Martin's Light Railways, Calcutta and their workmen regarding the matter specified in the Schedule hereto annexed;

And whereas the Central Government considers it desirable to refer the said dispute for adjudication;

Now, therefore, in exercise of the powers conferred by clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby refers the said dispute for adjudication to the Industrial Tribunal, Dhanbad, constituted under section 7A of the said Act.

SCHEDULE

What quantum of bonus, the workmen of the Martin's Light Railways are entitled to, in respect of the years 1958 and 1959.

[LR-IV3(29)/59/I.]

S.O. 2587.—Whereas by an order of the Government of India in the Ministry of Labour and Employment, No. LRIV-3(29)/59/I, dated the 11th November 1959, an industrial dispute between the employers in relation to the Martin's Light Railways, Calcutta, and their workmen has been referred to the Industrial Tribunal, Dhanbad, for adjudication;

Now, therefore, in exercise of the powers conferred by sub-section (3) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby prohibits the continuance of the strike and/or the lock-out in existence in the said Railways in connection with the said dispute.

[LR-IV-3(29)/59/II.]

A. L. HANDA, Under Secy.

New Delhi, the 14th November 1959

S.O. 2588.—In pursuance of sub-section (4) of section 3 of the Mica Mines Labour Welfare Fund Act, 1946 (22 of 1946), the Central Government hereby publishes the following report of the activities financed from the Mica Mines Labour Welfare Fund for the year ending the 31st March 1959 together with a statement of accounts for that year and an estimate of receipts and expenditure of the Fund for the year 1959-60.

PART I—ACTIVITIES IN ANDHRA PRADESH

The Mica Mines Labour Welfare Fund Advisory Committee (Andhra Pradesh), Nellore met four times during the year and Finance Sub-Committee once.

Medical Facilities

Dispensaries.—The Mica Mines Labour Welfare Fund (Andhra Pradesh) is maintaining three static dispensaries at Talupur, Kalichedu and Sydapuram, situated in the heart of the Andhra Pradesh Mica Mining areas. They worked satisfactorily, and rendered medical aid to the mica mines labourers and their

families. A temporary inpatients ward of light beds attached to the dispensary at Kalichedu rendered satisfactory service. The general public in the mining area were also treated in these dispensaries. The State Government granted a contribution of Rs. 4,500 towards the cost of medicines supplied to the general public.

The Medical Officer and the Compounder in charge of the Mobile dispensary visit the mines, and labour colonies, situated beyond a radius of three miles from Static dispensaries, according to a fixed daily programme and treat the patients at those places. The statistics of work done by the Mobile dispensary are furnished below:—

(1) No. of days on tour	105
(2) No. of mines visited	105
(3) No. of new cases treated	2,996
(4) No. of surgical operations conducted	4

The particulars of patients treated during the year under report are as follows:—

Dispensary	Total No. of patients treated	
	Out-patients	In-patients
Kalichedu	44,949	197
Talupur	54,658	..
Sydapuram	45,406	..
Mobile Dispensary	3,574	..
TOTAL	1,48,587	197

Medicines worth Rs. 15,756.86 were supplied to the dispensaries during 1958-59.

Microscopes were provided in Kalichedu and Talupur dispensaries.

The following laboratory tests were conducted during the year:—

Blood test	22
Sputum test	75
Urine test	452
Motion test	8

The Medical Officers have, in addition to their dispensary work, trained workers in the mica mines, in First Aid, for being appointed as First Aid Certificate holders under Section 21 of the Mines Act, 1952.

Maternity Centres.—Four Maternity centres rendered useful service to women labourers and children and to the general public in the mining area. Each maternity centre was in the charge of a Midwife, and the work was supervised by a Lady Health Visitor. The latter also assisted the Midwives in difficult labour cases. The centres situated at the three static dispensaries got assistance from the Medical Officers also in difficult labour cases. Only one maternity centre at Utukur functioned without the aid of a Medical Officer. In February 1959, one Maternity centre building at Sydapuram constructed at a cost of Rs. 13,000 was opened.

The Midwives also distributed milk prepared from milk powder supplied by the Indian Red Cross Society, to the under-nourished children.

The work done in these centres in the year by the Midwives and the Lady Health Visitor is detailed below:—

(1) Antenatal cases visited	1,016
(2) Labour cases conducted	350
(3) Labour cases supervised by the Lady Health Visitor	322
(4) Post-natal visits	1,038
(5) Infants treated and under care	242
(6) Home visits	13,371
(7) Clinics conducted	101
(8) Pregnant women examined and given advice at clinics	413
(9) Children served with milk	50,856
(10) Women and children benefited out of UNICEF free gift drugs & diet supplements	3,118
(11) Milk powder consumed (lbs.)	1,291
(12) Jaggery consumed (viss)	148

Hospital.—A Base Hospital with a bed strength of 14 at a cost of about Rs. 2,76,000 was under construction at Kalichedu.

Other Medical Facilities.—Three beds were continued to be reserved at the District Headquarters Hospital, Nellore for the exclusive use of mica mine labourers and their families at a cost of Rs. 1,000. Eight patients were treated in the Hospital against these reserved beds. The Fund also contributed Rs. 15,000 for the reservation of eight beds for the exclusive use of mica mines labourers and their families in the State Government T.B. Hospital, Nellore. In addition to this, it was agreed in principle to construct a separate Tuberculosis ward of 16 beds at Kalichedu.

Educational Facilities

Schools.—There were six elementary schools, one each in Kalichedu, Jogepalli, Kattubadipalli, Tellabodu, Palamani and Talupur. One Middle school was also run by the organisation at Kalichedu. The number of children (boys and girls) studying in all the six elementary schools was about 580 for 1958-59.

The strength of the pupils in the Middle school at Kalichedu was 100.

Midday meals were served to the children studying in these schools, and the scheme worked satisfactorily. During the year, a sum of Rs. 12,198.07 was spent for about 87,000 meals.

The State Government granted financial aid to the schools run by the fund. The total amount of State aid received during 1958-59 was Rs. 16,233.75 N.P. (Elementary Schools Rs. 9,767.75 Middle school Rs. 6,466.00).

Free supply of books and slates worth Rs. 624.74 N.P. was made to the children of mica mines labourers studying in the six elementary schools, and three private schools run by a few mine managements.

Free supply of dresses was made to the children of mica mines labourers studying in all the schools run by the Fund at a cost of Rs. 1,533.05.

Scholarships.—Scholarships amounting to Rs. 1,648.81 were granted to 66 children of mica mine labourers studying in Higher Elementary schools, Secondary schools and Colleges.

Boarding Home.—A sum of Rs. 2,678.40 N.P. was spent in running a Boarding home at Sydapuram giving board and lodging facilities to 12 students studying in the various classes in the High School.

Handicrafts

In the schools at Kalichedu and Talupur, the children were taught handicrafts like tape weaving, stitching, knitting and embroidery works. Tape weaving was taught to children in all other schools also. Necessary implements were supplied to them. The articles prepared by the students were sold by public auction to the local people.

In the community centre run by the Fund at Kalichedu, men labourers and children were taught carpentry in their leisure hours.
